SEA which expires during the period of MCO may apply for an extension of one (1) month, as long as the total period of the SEA including the extension is not more than 13 months.

For seafarer who is currently on board Malaysia flagged-ship, and the Malaysian seafarer serving on board any ship, and his/her seafarer documentation such as Seafarer’s Identity Document, Certificate of Competency, or Certificate of Proficiency has expires during the period of MCO, may apply for an extension until 30th of June 2020.

For foreign seafarer who is currently on board Malaysia flagged-ship and his/her Certificate of Recognition (COR) has expires during the period of MCO, the extension of his/her Certificate of Competency or Certificate of Proficiency validity must first be approved by the Flag State of Issuance. The application for an extension period of his/her COR until 30th of June 2020 or any date determined by the Flag State of Issuance is recommended to be made through online system and using the exemption form provided in MSN 09/2019.
(cont’d.)
Any port of embarkation/dischornment activity shall be determined by Marine Department Malaysia after consultation with MOH.

Final clearance of the crew change is subjected to the approval of the Port Health Officer/ Ministry Of Health.

Effective by 4th April 2020,
Ministry of Transport agreed to allow Freight Forwarders and hauliers another 4 days to expedite the movement of cargo from congested ports nationwide starting Saturday, 4 April 2020.

Client's cargo/goods stored at Port Klang, ports in Johor, Penang, Kuantan, Melaka, Bintulu, Sarawak, Padang Besar bordering Thailand are advised to move goods out of those ports from Saturday, 4 April to Tuesday, 7 April 2020.

This is to reduce congestions to major ports worldwide to ensure smooth and continued flow of much needed daily essentials for households in regards to second phase of Movement Control Order which is in effect from 1 April to 14 April 2020.

This latest port clearing exercise is in line with the Prevention and Control of Infectious Diseases Act 1988 (Measures within the Infected Local Areas) (No. 2) Regulations 2020 which takes effect during the EMCO from 1 to 14 April 2020.

Pursuant to the amendments made to Regulations No. 2, port, dock and airport services and undertakings, and transportation by land, water, or air constitute essential services. This means that any activity and process in the supply chain of port, dock and airport services and undertaking and transportation by land, water or air are also deemed as essential services.

Movement due to special and particular reason
Crew movement from one place to another place within infected local area or from one infected local area to another infected local area must obtain prior written permission from police office in charge of the police station nearest at Crew's initial location.

Requirement to undergo health examination upon arrival in Malaysia
All crew whether citizen or expatriate returning form oversea are required to undergo health examination upon arrival in Malaysia before proceed to immigration clearance at any point of entry and must comply with any direction of an authorized officer.

Effective 14th April
Crew Change Procedures for Malaysian Nationalities

(continuation)

Surigao Del Norte -

- Travel ban to all incoming and outgoing domestic vessels
- All foreign vessels of export-oriented companies shall be allowed entry within the territorial waters of the province, subject to the strict compliance of the following conditions:
  - 14 day quarantine period to prevent the spread of COVID-19 shall be strictly observed.
  - The subject foreign vessels should stay at the drifting area, while undergoing the 14-day quarantine.
  - While staying in the drifting area for quarantine purposes, no one should be allowed to board the vessel, and no crew shall be allowed to disembark.
  - While at the anchorage and/or loading area, no crew shall be allowed to disembark the vessels and no unauthorized persons will be allowed to board.

Singapore

All short-term visitors, from anywhere in the world, will not be allowed to enter or transit through Singapore. MPA will apply these additional precautionary measures to all vessels calling at the Port of Singapore.

With the application of the additional precautionary measures, crew and passengers on short-term visits will not be allowed to disembark in Singapore for the time being. Crew change in Singapore is also disallowed for the time being.

Crew change is disallowed for the time being but under special circumstances where crew needs to disembark ship like;

- The crew has served his/her maximum time on board and no further extension of the employment contract is granted by the flag State; or
- Compassionate grounds e.g. death of family member; or
- The crew is no longer medically fit to work onboard the ship.

Under such special circumstances, cargo ships may submit their requests to MPA for consideration.

The Port of Singapore remains open for cargo operations and marine services, including shipyard repairs.

Maritime Declaration of Health is required for all vessel into port.

On April 7 stricter measures are being enforced in Singapore. We do not expect these measures to impact our ability to serve our clients. The port of Singapore remains open for business and our team ready to serve. We continue to follow best practices and follow the Governments guidance, we practice all the necessary safety guidelines to keep our staff and yours safe. We look forward to continuing to serve you.
